The opening sentence on debate.org describes the site as a "community where intelligent minds from around the world come to debate online and read the opinions of others." We decided this needed looking into, on the assumption that any website which would brag about the intellectual level of its debates might be fooling itself. What we found was a mish-mash of poorly reasoned arguments, pointless mental excercizes, and flat out stupidity. This week, The F Plus discovers if Justin Bieber is cute or not.
